

# NEW CORDLESS HIGH-PERFORMANCE DRY METAL-CUTTING SAW

FOR STEEL, ALUMINUM, AND SANDWICH PANELS  
**PORTABLE DRY CUTTER 8320E**

REF : 608270ENA4C2

Maximum Efficiency - Fast & Precise Cuts.

PRODUCT VIDEO

4 3/4"

**EXCLUSIVE OFFER** Call: 1-800-700-5919

Ø 12 5/8" Saw blade

Ø 1" Bore

Ø 4 3/4" Cutting depth

1,700 RPM Speed

36 V Voltage

19.2 lbs Net weight

**WHAT'S INCLUDED:**

SHDC 8320E + Ø 12-5/8" / 84T saw blade "LBS impact-resistant", 4x high performance CAS 18V LiHD 5.5Ah batteries + 2x Air-cooled LiHD-quick charger

PN: 608276ELBS

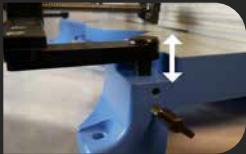

Patented anti-vibration system for high cutting quality and long service life

3-point locking for optimal sawing position for different material sizes

Height adjustment for perfect fixation

Fast and flexible clamping across the entire working width

Eccentric clamp to secure round/thin workpieces

## PSDMC 9414

Ref.: 600514NAC

The largest miter saw on the market for precise, burr-free cutting without lubrication. Ideal for cutting ferrous and non-ferrous metal pipes, tubes, and profiles made of mild steel, stainless steel, aluminum, plastics, and composite materials.

CT-Saw blade included: Ø 14" / 355 mm | 90 Teeth

Cutting capacities max: 0°: 5 1/2" / 140 mm | 45°: 4" / 102 mm

Power input: 15 amps

Patented anti-vibration system

Miter cuts: +/- 0°, 15°, 22,5°, 30° & 45°

No load speed: 1.400 min<sup>-1</sup>

Made in Germany

Net weight: 60 lbs / 27 kg
